

## Parking Bans

One of the biggest challenges facing the plow drivers in clearing the streets is a car parked in the roadway.

In accordance with town bylaws, residents are asked to remove vehicles from the streets as early as possible so the plows can get through and remove all the snow from the streets.

Parking bans are posted on the Town website, Facebook, and local Cable TV. You may also subscribe to receive a Town News Flash by email or Text. Police enforce these bans and vehicles will be towed and/or fined.
